Product Description

Type

Seated with seat rotating 180 °

Width 90/105

Length 224

Frame Bogies

Chain width 250

Gross weight 1350

Yanmar Diesel motor water cooled 68vc - 49kW

Low emission TIER EU Stage V with particular filter

Traction Hydraulic

Oil flow 45 liters

Oil flow of second pump (for tools) 45 liters - minutes to 3000 turns

Commands Niko Joystick hydraulic

Speed (Km/h) 0 to 8 km/h

Electrical distributors 3 DE + 1 DE floating position

Mounting 3 point linkage with hydraulic oscillation CAT.1 capacity 500kg max

Fuel tank capacity 30

Board electric board

Engine hood removable

Roll bar yes

process industriel / process agro-alimentaire / process environnemental / process vinicole
